

21st Century Composites : Stop Layering and Start Injection Molding!

with Dr. David Clark, internationally renowned from U.S.A.

(CETTE FORMATION SERA LIVRÉE EN ANGLAIS)

Course including a
live demonstration

Date

Friday September 8th, 2023

Educational Objectives

Most dentists still think of composite as filling material that should be packed into boxy preps and cured in layers. That is simply the wrong way to use composite. In this fast moving and entertaining lecture Dr. Clark will demonstrate the art and science of monolithic injection molded composite dentistry using modern cavity preparations, ultra-thin anatomic clear matrices that can completely wrap the tooth, and heated multi-viscosity resins.

Content

- The 6 keys to world class contacts 100% of the time in a Class II
- How to injection mold to treat black triangles, peg laterals, fractured teeth and diastemas
- How to safely warm composite, and why
- Deep margin management
- Ultra glossy stain proof anterior restorations

BONUS : Includes an exclusive 1-hour live Q & A Virtual session with Dr. Clark. The intent of this follow-up session is to answer any clinical questions that you may have after implementing the Bioclear Method into your practice. It is scheduled on Thursday October 5th, 2023 from 19h30-20h30 EST. Zoom connection details will follow this course.

Who is this course for?

For the dentist who wants to take a big step forward in his or her aesthetic composite insertion technique restorations.

Please note that a local **Black Triangle Bioclear Certification** will take place the following day on **September 9th** at IDI for those who would like to be a **Black Triangle Bioclear** certified provider at extra costs. Only the first 25 doctors to register will be welcomed. Call us for details or scan this QR Code for registration directly with Bioclear :

Speaker

David Clark

DDS

Dr. David Clark founded the Academy of Microscope Enhanced Dentistry, an international association formed to advance the science and practice of microendodontics, microperiodontics, microprosthodontics and microdentistry. He is a course director at the Newport Coast Oral Facial Institute in Newport Beach, CA. He is co-director of Precision Aesthetics Northwest in Tacoma, WA and an associate member of the American Association of Endodontists. He lectures and gives hands-on seminars internationally on a variety of topics related to microscope-enhanced dentistry.

He has developed numerous innovations in the fields of micro dental instrumentation, imaging, and dental operatory design. Dr. Clark has authored several landmark articles about microscope dentistry including Aesthetic Dentistry, Sealants, the Role of Ultrasonics in Three Dimensional Shaping and Restoration of Non vital Teeth, Micro-Imaging and Practice Management, and Crack Diagnosis. Dr. Clark is a former lecturer and current board member of Clinician's Report. He is a 1986 graduate of the University of Washington School of dentistry and maintains a microscope-centered restorative practice in Tacoma, WA.

CE UNITS / CE hours

Dentist : 8 CD Units (Lecture: 6 hours / Live demonstration : 1 hour)

Staff member : 7 CD Units (Lecture: 6 hours / Live demonstration : 1 hour)

For all ODQ member dentists, the continuing education policy states that each hour of theory training provides 1 CE unit, and each hour of hands-on training provides 2 CE units. For dental hygienists who are members of the OHDQ, the continuing education policy operates on the basis of hours of educational activity, whether theoretical or practical.

Agenda

8:30am - 4:30pm : Lecture and live demonstration

Costs

Dentist : 1 295 \$

Staff Member : 595 \$

Contact us or visit our online registration site to learn about our various payment methods and/or monthly installments.

* Plus applicable taxes. A credit card deposit is required as confirmation, with the balance due no later than 14 days before the start of the course (unless you register within 30 days of the first day of the course). Program content is subject to change without notice. A refund or credit note will be issued if a written cancellation is received 21 days prior to the start of the course. Please note, however, that an administrative fee of 10% of the original non-discounted price of the training will be retained (and the associated quantity discounts and/or gratuities will be readjusted), non-refundable, but transferable to a new transaction in the current program on one or more training/consulting services. In the event of a residual amount, expect to lose it if not used. As space is limited, no refunds or credits will be issued for cancellations made less than 21 days prior to the start of the course.
